DETAILED ACTION

Response to Arguments

Applicant's arguments, see the applicant's remarks, page 2, lines 1-2, filed 14 Sept. 2005, with respect to claims 1 and 6 have been fully considered and are persuasive. The rejection of claims 1 and 6 has been withdrawn.

Allowable Subject Matter

Claims 1-3, 5-8, and 10 allowed.

The following is an examiner's statement of reasons for allowance: In light of the applicant's remarks (page 2, lines 1-2) and the specification (page 10, lines 6-23), the use of plasma polymerization films is believed to impart a limitation not taught by the prior art. Furthermore, no prior art teachings were found that would suggest making a combination of prior art references to include a plasma polymerization film as specified.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
